## THE ALLIES' VERSION.

London, Oct. 21.—The correspondents of the London newspapers in the field succeeded today in getting through some details of the fight along the channel coast in Belgium.

The reports agree that the Germans have met with a reverse and it is said that the Germans are retreating.

The Belgian correspondent of the Telegraph, in his account of the fighting, reports that the British bombarded villages which the Germans had occupied and also the country to the south of these places.

"Then the order was given for the infantry to advance," he says, "and the rattle of machine guns supplemented the noise of the naval guns. The Germans were caught between two fires and their line began to waver and slowly gave way before the pressure of the infantry."

"The strength of the attack was then increased, and soon the whole German line resting on the coast was in full retreat."

"On the march on Dunkirk the Germans met a large and unexpected body of troops which attacked them on horse, afoot, and with artillery, while the British warships co-operated with the land forces. The Germans are reported as falling back in confusion on Ostend and troops from all over the west of Belgium have been hurried to Nieuport."

"The Germans have received the greatest surprise of the war. A dispatch from Ghent says the result of this fighting has caused anxiety among the German officers, one of whom, a German general, committed suicide. Festivities announced to celebrate the German successes were suddenly cancelled yesterday."

## FROM THE GERMAN SIDE.

Washington, Oct. 21.—The German embassy today announced receipt of the following wireless from Berlin:

"Official headquarters report October 20 that the German troops advancing along the coast from Ostend met hostile forces near Nieuport on the Yser. Fighting has been going on since October 18, west of Lille; the attacks of the enemy on October 19 were repulsed with heavy losses to the enemy. From Lusida there is no important news."

## BIG REAL ESTATE DEAL

Dr. W. H. Hord of Orangeburg, Buys Big 372-Acre Farm From the Roser Heirs.

Last Tuesday Thomas L. Ewan & Co., of this city, closed a deal with Dr. W. H. Hord of Orangeburg, whereby he became the owner of the 372-acre farm belonging to the Roser heirs and located on the Maysville and Flemingsburg pike, about nine miles from this city.

The consideration is private, but is supposed to be between \$40,000 and \$50,000. This farm is one of Mason county's finest bluegrass farms and the deal for the farm is one of the largest real estate trades that has been made in this county for years.

## SAYS THE L. &amp; N. PUT CARLISLE OFF THE MAP.

(Carlisle Advocate.) In the face of facts that can not be denied the L. & N. R. R. has changed our train schedule and made it so that our city now has no Sunday trains in any direction, neither have we any Sunday mail or newspapers. Of this what ever we may say might not avail and yet we wish to call the attention of the public to the situation as it exists.

A few of our citizens speaking for the whole accepted this proposition of the change of schedule and at the time they were told that the trains would be put back on by December 1st, a promise that may not be fulfilled. We were told nothing of the change affecting Sunday trains and yet the Maysville people were informed of the Sunday change since they have another road and were not so much affected thereby.

This is very unappreciative on the part of the railroad of the splendid business this branch has given it. The officials of the road claim that business has fallen off sufficient to make this step necessary and therefore we ask why not change the train service where the business has fallen off instead of having this branch suffer for the deficiency on other lines? It is a fact that the business of the L. & N. has INCREASED on this branch, so why?

We are informed that a body of citizens will take the matter of Sunday mail up with the postoffice department at Washington.

Plain fabrics and fancy mixtures, short and medium lengths. Many of the Coats are lined throughout with the best quality of Skinner's satin. Not a coat in the lot would sell regularly for less than \$18½ and nearly all are regular \$25 qualities. We place the lot on sale at two prices, \$8½ and \$12½.
